Draperies and Curtains in the Season's Latest and Best Patterns

If we should ever fail to show you the newest in interior hangings and curtains from the best sources of supply, we should fall far short of our ideal of what a furniture and house-furnishing store must be, to be right. And we must be first in the field or we lose caste, of course, with particular people. And by

Furnishings for Homes

we do not mean to convey a wrong impression, for we do a large and steadily increasing business in interior decoration with hotels, clubs, churches, etc. In Draperies and Curtains, we are splendidly equipped for the fall demand.

The much-advertised picture, "Ranch Life in the Great Southwest," which is being run at the Pavilion, proved to be about the most exciting picture ever seen in Barre, some of the stunts done by the cowboys being of an almost unbelievable nature. One scene shows a cowboy grasping a large black steer by the horns. With one twitch of the mammoth head, the cowboy is sent flying through the air like a paper doll in a gale of wind. That several serious accidents happened is certain, as in two instances the cowboys were badly trampled by the bronchos they were breaking to saddle. Many very funny incidents are also shown. An entire change of vaudeville comes today. Both acts are highly recommended, one being a Dutch comedy act and the other a dainty soubrette act.

For Better Roads.

The outside critics of Vermont are all telling up the same thing—that to arrest the decline of rural Vermont and to build up the country districts, we must have better roads. The Springfield Union is the latest preacher on this text. "It will cost money to improve the highways," the Union says, "but the expenditure is absolutely necessary if Vermont would keep abreast of the times. With a broad scheme of modern highways outlined and well started, Vermont's forward movement will have been initiated. An entire change of vaudeville comes today. Both acts are highly recommended, one being a Dutch comedy act and the other a dainty soubrette act."

The task isn't a difficult one, in the opinion of the Union, but it will be necessary to adopt a "courageously progressive programme." So say we all of us, but there is one thing that practice another. A comprehensive plan and prompt execution are our imperative needs.—Burlington News.

HER ROMANCE ENDED.

Hyde Park Girl Sent to the State Industrial School.

Hyde Park, Oct. 20.—Grace Trudeau, aged 15, daughter of Mr. and Mrs. Davis Trudeau of this town, who left town Monday with Frank Ricci, an Italian twice her age, was found in Mechanicville, N. Y., by her mother and was yesterday committed to the state industrial school at Vergennes. Ricci is being sought for by the authorities, but thus far has managed to elude them.

Miss Trudeau had trouble with her parents Monday and left home that night. An officer was put on her trail and he saw her board the train and there meet Ricci. They took dinner in Burlington Tuesday and were traced from there to Rutland, where they spent Tuesday night at the Bardwell, as brother and sister. From there they drove to Wallingford, where they separated, the girl going to the home of Mrs. H. H. Haines, an aunt, in Mechanicville.

There she told of the trouble she had had at home and there she was found by her mother yesterday. Commitment papers were made out and the wayward lass found permanent quarters at the industrial school at the conclusion of her brief romance.

It is not known that there was premeditation in the meeting of Ricci and the girl, but that they took the trip together is proven to the satisfaction of her parents. Ricci has been employed as foreman by his half brother, Pascal Ricci, a well known officer of Rutland, who has the contract for the new village water works. He telephoned Pascal Ricci yesterday that he was in Rutland and had just returned from a trip to Poultney in search for work, but this message is supposed to have been a blind, as he could not be found in Rutland.

BIG THINGS OF THE WORLD.

Those That Are Highest, Deepest, Longest or Costliest.

The tallest monument is the Washington obelisk, 555 feet high; but the largest monolith is in Karnak, Egypt, being 106 feet high. The highest chimney, measuring 474 feet, is in Glasgow.

The largest aqueduct in use is the Croton of New York, which is thirty-eight miles long, but the longest ever built is in Peru, 360 miles in length.

The deepest coal mine is near Lambert, Belgium, 3,500 feet deep; the deepest dock is at Cardiff, Wales, and the strongest electric light is at the Sydney lighthouse, Australia; while the largest lighthouse is at Cape Henry, Virginia, being 165 feet high.

The greatest bank is the Bank of England, in London, the oldest college is University college, Oxford, founded in 1050, the largest library, the national in Paris, containing nearly 3,000,000 volumes.

The largest theatre is the Paris opera house, covering three acres; the largest bronze statue, that of Peter the Great in St. Petersburg, weighing 1,100 tons.

The biggest stone statue is in Japan, 44 feet high, the largest college is in Cairo, with over 10,000 students and 310 teachers. Damascus has the honor of being the oldest city.

The most costly book in the world is a Hebrew Bible, owned by the German government, which a few years ago refused the pope's offer of \$125,000 for it.

The most costly medicine a few years ago was metallic gallium, which sold for \$150,000 a pound; but radium is now the priceless gem of the mineral world, selling for more than that price an ounce.

Though orchids frequently bring prices that make the poor man stagger, the highest price for a single flower was given for a tulip in Amsterdam by an enthusiast, who paid \$250,000 for it.

The Rothschilds smoke the most costly cigars which cost \$1.50 each. These are wrapped in gold leaf and packed in little cedar wood cabinets.—Harper's Weekly.

And This In Kansas, Too.

In speaking of his campaign for governor of Kansas, waged last June and July, Mr. Wagstaff said: "My campaign is gathering momentum just like a snowball."

Whereas a Kansas editor, who was not in sympathy with Mr. Wagstaff and his campaign, ironically remarked: "In selecting his simile Mr. Wagstaff evidently forgot what time of year it is. From our observation, though, a more expressive figure could not have been chosen."—Everybody's Magazine.

Fine Residence for Sale

The subscribers offer for sale the residence of the late William S. Littlejohn. This property is pleasantly located on a large corner lot on Orange and Patterson streets. The lot has a frontage on Orange street of 141 1/2 feet and 100 feet on Patterson street. The house contains twelve rooms, finished in hard wood, heated with hot air and hot water, and fitted throughout with electric lights. There is also a fine gas range in the kitchen.

There is an exceptionally good granite cellar under the whole building, with cement floor, and contains a wash room fitted with set tubs and gas heater.

There is a small barn in connection with the property and the lot is large enough so that another house could be erected if desired.

The house was built by the late owner for a home, all the work being done by the day under his own personal supervision, and only the best materials were used in its construction.

Anyone looking for a desirable home should make it a point to see this property.

The Phoenix Muffler

These are the newer kinds, better made and better fitting around the neck. They come in all colors so that you can match your low neck sweater. There is a style about these Mufflers that makes them very popular. These Mufflers are shown in light blue, red, brown, navy, green, slate, black and white and the popular price is 50c. We have a very good one at 25c in colors and line stripes.

Outing Night Robes

This line is now at its best. We usually buy enough to last us all of the season. We do this, as the prices earlier are less. This plan gives us an excellent Night Robe early in the season, and the pickings of this line of what there is left later. So that it means a better purchase right now.

One lot of ladies' full-size Colored Outing Robes of good outing, made with double back yoke, at 50c each.

Ladies' White or Colored Outing Robes made of very best 12c outing, made full and in best manner, with double yokes finished with braid, in all sizes; yes, in extra sizes for large ladies at \$1.00 each. We consider this dollar Robe the best in every way that we have ever seen.

Ladies' Outing Flannel Under Skirts in white or plain colors, with embroidered scallop edge, at 50c; with wide, deep, embroidered ruffle at 75c; for children in plain white at 25c each.

Children's Outing Night Robes made of good, heavy, colored outing, at 50c each. Made of best white outing in all of the small and medium sizes at 50c; in larger sizes, same outing, at but a trifle more, 50c each.

These are kinds that we are taking a loss on to close out, not old kinds, but broken lots. All good desirable kinds, as follows:—

A good assortment of Ladies' Belts, some in leather, some silk tailored, others in elastic and Persian effects. These are all of them 50c Belts. Now, half price, 25c each.

One lot of Ladies' Leather Hand Bags in both stiff and soft bottoms, a good, serviceable bag, that was 50c; now 25c. That was \$1.00, now 50c. \$1.10 for 50c and \$1.87 for 94c. These prices will make a quick sale.

One lot of Ladies' Natural Wool Union Suits that were \$1.50, now 75c; those that were \$2.00, now for \$1.00. These are nearly all of them size 3, only two boxes of size 4, so that unless you take a small size these would not do you any good. All right for small ladies or large misses.

Regal Oxfords. This is for those that year low Shoes or want to save a good percent for next spring. All of our \$3.50 and \$4.00 Oxfords at only \$2.69 per pair.

All that we have left in Ladies' Rubbers, the 00c, 05c and 75c Rubbers, to close at 50c per pair. We are going out of these goods, and, let us say, they are all of them of the best make.
